

Please work on this activity with your parent(s).

Have you ever taken antibiotics?

If yes, please go ahead with the following questions.

What is the name of the antibiotic that you have used?

Do you know how does it work?

For what health conditions/diseases have you taken it?

What were the symptoms?

Did you/your parents know if it was a bacterial infection?

Empty response box for the first question.

How long was your antibiotic course?

Empty response box for the second question.

Where did they get the antibiotic from? Did a doctor prescribe it? Did they get it from the pharmacy directly?

Empty response box for the third question.
